## OGDEN.

OGDEN CITY. - - - March 29, 1887

This department of THE HERALD is devoted to the interests of the people of Ogden. The Branch Office of THE HERALD is with Eldridge, Pratt & Co., Main Street, Ogden, Utah, where subscriptions and advertisements will be received on the same terms as at the Salt Lake Office. Communications addressed to THE SALT LAKE HERALD, Ogden, will receive prompt attention. The HERALD is delivered by carriers in Ogden every morning, except Monday. Subscribers failing to receive their papers will please notify the Ogden office.

S. H. HOBSON - - - Agent.

## Broken Arm.

On Sunday morning a couple of little boys of Mrs. Austin were at the depot with a horse and buggy. The older of the two boys, a lad of some 13 years, got out to hold the horse, and the other, about 11 years of age remained in the buggy. When the Utah Central train came into the station the horse began plunging, and threw the little fellow out of the wagon, breaking his arm in the vicinity of the wrist. The boy who held the horse dragged quite a hero, and after being dragged quite a distance, succeeded in quieting the frightened animal. The injured boy was cared for properly, and the other received much praise for his heroism.

## Personal and General.

Still the beautiful weather continues.

S. BAMBERGER, of Salt Lake, registered at the Broom Hotel yesterday.

If the fine weather holds a few days longer the peach orchards will be in full bloom.

Those croakers who habitually cry hard times are the ones who usually do the best to make the times good.

J. C. ANDERSON, the Eagle Rock capitalist is spending considerable time in looking around for investments in Ogden.

BAIRD's minstrel band attracted large crowds on the street yesterday and excited considerable admiration by rendering some delightful music.

Some musically inclined gentlemen attracted considerable attention by their fine performance on one of Eldridge, Pratt & Co's pianos yesterday.

The Ogden Herald has brushed up its appearance wonderfully of late, and on Saturday will be out with a supplement, we hope it may keep up its luck. Ogden can support a first-rate paper.

It is whispered that ex-Governor Murray was taking pointers for railroads while in town Saturday. There does not seem to be much doubt but there will be more railroads here soon.

The time approaches when the McGibbeny family come to Ogden to display their musical genius. April 11th and 12th are the dates, and the performance will be a benefit for the Ogden Brass Band. They are said to be musical wonders.

People still hunt for houses, but their search is usually a vain one. The race becomes more frantic each day, and the prospects are not unless somebody builds some tenements ere long, a system of boarding houses will have to be inaugurated.

There is likely to be a considerable improvement in real estate property here during the early summer. Property owners are brushing up, cleaning up and beautifying their places. This is as it should be, as \$10 worth of work spent in making a place attractive, frequently adds \$100 or more to the selling price.

There has been considerable talk of boring for artesian water on the bench. Since the city commenced and so signally failed in the attempt to obtain a flowing well in Lester Park there have been numerous speculations concerning the matter. A well on the bench should be tried with proper machinery, and it would no doubt prove successful.

## Catarrh and Headache.

I think Ely's Cream Balm is the best remedy for catarrh I ever saw. I never took anything that relieved me so quickly, and I have not felt as well for a long time. I used to be troubled with severe headaches two or three times a week, but since using the Balm have only had one and that was very light compared with former ones.—J. A. Alcorn, Agent U. P. R. R. Co., Eaton Colo.

W. & T. SMITH, PROPRIETORS.

We claim great advantages for the soil of Geneva, and vicinity, in the production of healthy, long-lived trees. This is a matter of great importance to every planter. Not a year passes that we do not receive additional testimony of the fact that trees grown upon our heavy, strong, rich, well-drained soil are healthier, longer lived, less liable to injury from extreme cold, and more productive than when taken from a light soil. Another very important fact is that being furnished with a more abundant supply of healthy, well-developed and fibrous roots, they bear transplanting to a different soil and climate much better.

All persons authorized to act as Agents for us, are provided with a written certificate to that effect, and we request that they be required to show their certificates. Stock is not unfrequently sold by persons without authority, and not furnished from the places they pretend to represent; by which means many poor trees and plants are distributed, causing great dissatisfaction and disappointment. BUY GOOD STOCK OF RELIABLE MEN, and this may be avoided.
